

AI Interview Performance Report

Candidate: Samiksha

Overall Score: 60/100

Transcript

Hello, my name is Samiksha Avchar. I am a diploma student at Mahavir Polytechnic, Nashi. My branch is Computer Engineering. I am a final year student and I am an intern at Soft Crowd Technologies in domain data science with Python.

Strengths

Overall Score: 60/100 Communication: 6/10 Confidence: 5/10 Fluency: 7/10 Grammar: 8/10

Strengths: - Clearly mentions their name, institution, and branch of study - Provides relevant information about their current internship - Uses proper grammar and sentence structure

Weaknesses: - Lacks enthusiasm and confidence in their tone - Does not provide any additional information about their skills or interests Suggestions: - Practice introducing themselves with more confidence and a stronger tone - Consider adding more details about their experiences, skills, or career goals to make the introduction more engaging and informative
